Advising

Service type	Knowledge
Provided by	Student Group Services and InfoLink, University of Alberta Students' Union
Available to	All registered student groups
Website	UASU website

Got questions about running your student group? Student Group Services can help! Here are our options for student group advising.

Student Life Central, SUB 0-81: SGS works closely with the support of UASU InfoLink. They take on a lot of our front-facing correspondence and tasks, allowing us to help student groups with greater challenges and ideas. They are the quickest way to get an answer if you're unsure about anything, and if they don't have the answer, they'll know exactly where to direct you!

Drop-in Advising: Got a question that InfoLink doesn't have an answer to? Ask for an SGS staff member at the Student Life Central desk! We're generally available 9:00 AM - 5:00 PM Monday - Friday; just check in using the QR code at the desk. Please note that we will do our best to have a staff member onsite to assist you, but we may need a minute to make ourselves available. If you need more time with a staff member, you can also book an appointment.

Appointments: With all the amazing things you do in your club and all the innovations you explore, we understand that from time to time you'll have questions that aren't answered anywhere in writing! For those times when you need a longer advising session or something outside of our drop in hours, book an appointment to see us via Calendly!
